- Packaging dimensions (W x H x D): 272 x 285 x 70 mm
- Product dimensions (W x H x D): 238 x 32 x 175 mm
- Packaging type: D-box
- Product weight: 1.2 kg

Highlights

180-degree swivel screen
The screen swivels 180? to give you the optimum viewing angle for watching movies and photos. Rotate the screen or adjust it up and down to cut down on glare and get the best viewing angle possible.

9" high density LCD display
The high resolution (800 x 480 pixel) color LCD display brings images to life, showing off your treasured photos, favorite movies and music with the same 'real life' rich detail and vibrant colors as high quality prints.

Display photos
Thanks to complete file transferability, you can easily enjoy the convenience and fun of showing digital photos in a slideshow format. Simply insert your disc, memory card or USB storage device into the player and your digital photos will be played directly on the device. Now you can relive your favorite moments with family and friends anytime you want!

Play MP3/WMA-CD, CD and CD-RW
Audio compression technology allows large digital music files to be reduced up to 10 times in size without radically degrading their audio quality. MP3 or WMA are two of the compression formats that let you enjoy a world of digital music on your Philips player. Download MP3 or WMA songs from authorized music sites on the Internet or create your own MP3 or WMA music files by ripping your audio CDs and transferring them onto your player.

Smart Car Mount
To enjoy entertainment on the go, why not bring your portable DVD player from home on the road with you? A unique Car Mount system ensures ease-of-use, with a quick-release arm that facilitates easy removal of the player when not in use. You can bring the portable DVD player with you, leaving just the Mount behind in the car.

Up to 6 hrs movies playback
This Philips player comes with a compact built-in rechargeable battery for long-lasting power. Up to 6 hours of continuous movie, photo and music playback enjoyment can be achieved on a single charge. Just plug in the power cable to recharge the player - it's that simple.

DivX Certified
With DivX® support, you are able to enjoy DivX® encoded videos. The DivX media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, and DVD recordable discs.
